

2020-2021 Funding Standards & Restrictions

Approved by SORF Board on 11/12/2020 (8-0-0)

General Standards

The Student Organization Resource Fee is used to help fund programs and/or services of Registered Student Organizations.

If a student organization fails to reconcile on time or purchases something not approved without prior communication with the board, the organization will be unable to apply for SORF Funding for the next year and have their account frozen.

1. **Impact to the Illinois Campus Community.** Prior to applying Funding Standards, SORF Board Members will review each application to determine if the activity or event will impact the Illinois campus community. Impact to the Illinois Campus Community means that events/programs are free to attend, open and accessible to all students, and on campus. Before any funding decisions are made, the SORF Board may adjust funding accordingly. Funding is subject to the availability of funds, which is assessed on a semester basis.
2. **Updated Standards & Restrictions.** Standards and restrictions are subject to change between academic semesters/years.
3. **Maximum Allocations per Fiscal Year.** The maximum allocation of combined service, program, and project funding for any one Registered Student Organization (RSO) in a fiscal year is \$10,000 or 2% of the annual revenues of the Fund, whichever is less.
4. **Exceeding Maximum Allocations.** RSOs may only exceed the maximum allocation for a single RSO per Fiscal year by submitting a contingency application, with a maximum contingency funding limit of \$1000 per Fiscal year.
5. **Single Event/Activity Restriction.** The SORF Board will provide funding for only one event or activity per programming or contingency application. Organizations must submit a unique application for each event/activity/program.
6. **Purchase Timing.** All purchases related to program, project or contingency funding request must fall within the appropriate funding period date range for that application. The specific date ranges for individual application periods can be found on the SORF website (sorf.illinois.edu).
7. **RSO Standing.** RSOs must be in good standing with Department of Student Engagement. This means a \$0.00 or greater balance in their RSO account and complete/updated officer roster in Involved@Illinois
8. **Submission of Applications.** Only RSO Treasurers are eligible to submit funding applications on behalf of the organization. Applications must be complete for consideration. The application will be denied if not submitted by the RSO Treasurer as listed in Involved@Illinois.
9. **SORF Board Members Communications.** It is expectation the RSO Treasurer maintain diligent and timely communication with the SORF Board Member assigned to review their funding application. Failure to communicate may result in a denied funding request.
10. **Good Faith.** The SORF Board reserves the authority to decline any RSO's funding application if it is believed the RSO is attempting to violate SORF Standards & Restrictions. Application for funding through RSOs should be for service, programming, project, or contingency purposes, not to circumvent rules. Any RSOs denied funding based on this policy may appeal to the board. Such an appeal may require the RSO to explain organization operations and relative structures.
11. **SORF Representation & Acknowledgment.** The "Funded by SORF" Identifier should be visibly included on all advertising, publicity, etc. for any events receiving funding from SORF fees. Inclusion of the SORF identifier will make your RSO eligible for promotion through official SORF marketing channels.
12. **Reconciliation.** For programming, projects, and contingency applications, RSOs must submit a reconciliation report including proof of purchase(s) utilizing the Involved@Illinois platform no later than 14 days after the conclusion of the program/project or contingency expenses. Any funds not reconciled after 14 days will be considered unused.
13. **Unused Funds.** Any unused funds from project, program or contingency applications will be returned to the SORF account.
14. **Schedule of SORF Activities.** All SORF funding application dates and activity/purchase date ranges are based on the fiscal calendar for the University of Illinois.

Service Funding

- Description.** Funding for items and expenses that are used for the long-term functioning of the RSO, and are not tied to a single event, project, or activity.

14. **Out-of-Period Payments.** Expenses, items, or travel outside of the appropriate funding period date range of programming/projects applications.

Covid-19 Addendum

SORF will review all applications this upcoming semester which are deemed necessary for the survival and well-being of the organization. The application must follow SORF's general standards and not encompass any prohibited types of requests.

- Virtual events are the safest option during the COVID-19 pandemic and should be considered whenever feasible.
- During State of Illinois Phase 4, the Student Organization Resource Fee (SORF) will not fund travel for students/student organizations.

ⁱ If the meeting room is for a one-time rental, it would fall under program funding

ⁱⁱ Open and accessible is defined as marketed on campus and not restricted to members of a specific organization
